

## APPLICATION FOR RE-ENROLLMENT

This form is for use by students who have withdrawn from NEBC but would like to return. From the date of withdrawal, students have two academic semesters of continuing admissions status and are able to register for classes as usual during this period. After that two-semester period (i.e. one year after withdrawing), the student must complete this form in order to re-enroll; however, starting at the second year past withdrawal, students must reapply in order to return to NEBC. Once this form is completed, return it to the Registrar. You will be notified of your acceptance or rejection (in writing) within 30 days of submission.
